## **Jan 2010 - It's Remuneration Time**

It's the time of the year to ask one of these ideas if you are a trader. Just one of these ideas pays for many years of my services. For example,

For 2010, I'm offering a \$2,200 trade (retiree program) that is possible to do in the NET style.

For those that want to trade options NET style on Thursdays and Fridays, I'm offering a special Chat Room price of \$175.00. Here's the [purchase link](#).

CJ Comerford is one of the main reasons I came back into the student-teaching business after a shortened retirement. CJ is now my newest full-time trader who moved from the chills of New Hampshire to Arizona, showing that you can live anywhere. He loves the hours. See our email correspondences and samples of our phone calls.

I will always be available to you at anytime. I stand ready to answer any questions about trading, a specific trade, economics, etc. Just call me if you have any questions or want anything special.

Over the holiday season, I will be away from December 25<sup>th</sup> to January 4<sup>th</sup>.

May your family be happy and prosper in the New Year and Happy Holidays! I can't thank all of you enough for all your support.
